

PRINCETON EDUCATION NETWORK

Innovation in the Art of Teaching | Revolution in the Art of Learning

Bringing You the Ultimate Test-Prep Experience for the Past 26 Years!

PSAT/SAT/ACT All Classes will meet at WAC, 99 Clarksville Rd., West Windsor

There is an art to mastering the **READING COMPREHENSION** section of standardized tests. In fact, preparing well for this section of the exam will prepare you equally well to tackle the tough reading challenges that you will face in college.

For the **WRITING SECTION** we will review the elements of proper grammar, word usage, and punctuation followed by a review of the writing process necessary for both the SAT and ACT.

At **PEN** we don't believe in "shortcuts" and "tricks" - what we do believe in is having students leave us smarter than when they started; therefore, by default their scores will increase!
